KEYNOTE SPEAKER CHRIS MALONE DELIVERS COMPELLING HUMAN BRAND INSIGHTS AND SKILLS

for Building Lasting Customer & Employee Loyalty in the Digital Age

People everywhere describe their relationships with brands of all kinds in deeply personal ways—we hate our banks, love our smartphones, and think the cable company is out to get us. What's actually going on in our brains when we make these judgments?

Through his original research, customer loyalty expert Chris Malone shows that we relate to companies, brands, and even inanimate products in the same way that we naturally perceive, judge, and behave toward one another.

Having evaluated over 100 companies and brands around the world, Chris Malone shares compelling insights and stories of fanatical loyalty to companies like Panera Bread, Starbucks, Domino's, WestJet and more, showing how they manage to achieve success and sustain it—even recovering from major missteps—by forging warm and competent relationships with customers and employees.
